

PSYCHEDELIA- Art Prints Series by Theano Giannezi

"Psychedelia" is an illustration series, which includes 6 artworks printed in Fine Art papers. The title has a metaphorical meaning, is the illusion of being in a dream state, but actually stuck in the reality, and the opposite. Every artwork tells a tale about human emotions and behavior, reminding the connection of their natural environment with their imaginary world. In this series i worked with both analog and digital ways. First, I created all the artworks on canvas and paper with a variety of materials such as graphite, coloured pencils, watercolours, ink, etc. Afterwards I used specific tools of Adobe Photoshop to make combinations of colours and shapes. And the final touches came with the final results which are highlighted by the top quality papers the artworks are printed in.

Every Artwork comes in 2 sizes (A4 and A5), and in frame edition.
